GOLD PLATED MATERIAL

In a simple space, art is the protagonist, blooming and dancing. The same goes for bathroom spaces, where natural elements are introduced while maintaining a light tone of black, white, and gray. Gold colors are used as embellishments for simplicity and elegance, eliminating complex decorative shapes and striving to create an artistic bathroom space.

PEDESTAL BASINS

The minimalist design of the bathroom is not simply arbitrary in its lines. From minimalist design, we can see a kind of attitude towards life, which is wisdom and sophistication. The colorful colors in the bathroom are clean, refreshing, and lively, presenting a comfortable and elegant taste.
